

Great Meadow Federal Credit Union is committed to serving the entirety of our community. In our continuing effort to live up to that mission, we have begun monitoring requests for Translation or Interpreter services. We have also undertaken analysis to assess the need within our communities, based off US Census estimates.

Over time, we will continue to increase access for those in our communities with Limited English Proficiency. We now offer basic translation technology in our branches, as we continue to build up our resources. As requests climb, we have plans in place to meet the need.

Great Meadow Federal Credit Union is committed to providing Limited English Proficient (LEP) individuals with meaningful access to our products and services. To request more information regarding the Language Assistance Plan (LAP), please contact us at [info@greatmeadowfcu.com](mailto:info@greatmeadowfcu.com).
